

New-U Enterprises Ltd ENVIRONMENTAL POLICY STATEMENT

New-U Enterprises charitable objectives includes:

The protection and preservation of the environment for the public benefit by:

1. a) *The promotion of textile waste reduction, re-use, recycling, use of recycled products and use of surplus*
2. b) *Advancing the education of the public about aspects of waste generation, waste management and waste recycling*
3. c) *The relief of financial hardship by recycling and provision of clothes and other household items.*

New-U Enterprises know our responsibility to protect the environment in which we operate. We commit to improving our environmental performance across all of our business processes, and try to encourage our business partners and those in the wider community to help support this effort.

New-U Enterprises recognises these key impacts:

- Our energy and water use
- Our waste generation onsite
- Our company vehicles and transport options
- General procurement of all products, equipment and suppliers

We will strive to:

- Provide an avenue for education and participation of the wider public in the re-use of clothing and accessories as wearable items by operating a clothes and accessories swap shop
- Encourage repair and re-purposing of textiles by facilitating up-cycle and craft workshops accessible to the wider community
- Embrace environmental standards in all areas of operation and to exceed relevant legislative requirements where reasonably practicable
- Assess work processes and highlight where we can minimise impacts
- Minimise our waste through careful procurement and recycling processes
- Procure sustainable products wherever feasible [e.g. re-purposing items donated to our shops)
- Broadcast our environmental position to relevant stakeholders
- Provide information, instruction and training for employees to be involved in good environmental

practice and remedial actions

- Reduce accident and incident risks from environmental impacts for all people who may be directly or

indirectly affected by our business processes

- Adopt and maintain a transport strategy that is environmentally friendly
- Include environmental and ethical standards when deciding investment opportunities

- Improve on developing solutions to environmental impacts
- Continually monitor and assess the environmental impact of all our operations
- Include results of environmental impact monitoring within our annual reports .

New-U Enterprises will periodically review performance and publish these results.
